

DEPARTMENT OF COMMERCE

Government Degree College Jawalamukhi established in 2016. The department of commerce is an integral part since the inception of the college. The department has 6 class rooms, two smart boards and 2 professors. The department offers a diverse academic experience to students. Along with the traditional Bachelor of Commerce program, the department has also introduced a Master of Commerce and Management course designed to meet the emerging demands of the contemporary business scenario. This program holds a special significance as it equips students with advanced managerial skills, strategic thinking abilities, and a keen understanding of global business practices. Students of the Commerce Department will be able to find jobs in fields such as CA, CS, Accountant, Auditor, and Teaching, etc. The focus is on imparting a good education to succeed in various fields of business both in India and abroad. The faculty also encourage students to organize events such as national seminars, inter-college and inter-departmental meetings, participate in events organized by other colleges, and take part in activities of social relevance. It enables them to think creatively and develop the right mindset to face the challenges of the global business environment through value-based education, interpersonal relationships and outreach programmes. With all these inputs students are hardworking, practical-oriented and effective in any work environment. A distinguished faculty teaches the curriculum by combining academic excellence and real-world experience with dedication and commitment.

AWARENESS PROGRAM ON "UGC NET COMMERCE"

On 17th August 2024, the Department of Commerce organized an awareness program on "UGC NET COMMERCE" for all the students of commerce stream. The session aimed to enlighten students about the significance of commerce education and to provide them with a deeper understanding of the UGC NET examination in the Commerce subject. Professor S.S. Randhawa addressed the students, highlighting the importance of commerce education and explaining the key aspects of the NET syllabus. He also shared various tips and strategies to successfully clear the examination. Dr. Anupam Bahri and Dr Anil Kumar also addressed the students, providing detailed information about the UGC NET curriculum, fee structure, and available examination centres. Their guidance helped students to gain clarity on the practical aspects of applying and preparing for the exam. The program was organized under the guidance and direction of the Principal of college, Dr. Sushil Kumar Bassi,

2.) DEPARTMENT OF COMMERCE ACTIVITIES 2024-25

On 17th September 2024, the Department of Economics and Commerce of Pandit Sushil Ratna Government College, Jawalaji, jointly organized a seminar on the topic "GST and Direct Tax." The event was aimed at enhancing the knowledge and awareness of students regarding the Indian taxation system, with a special focus on various components of **Direct Tax**. The seminar commenced with a welcome address by faculty members of both departments, emphasizing the importance of understanding tax regulations in today's economic landscape. The key speaker for the session was **Dr. Anupam**, who delivered a detailed explanation on **Form 16**, its components, and its relevance in the context of salaried individuals. His session was highly informative and practical. He explained how individual can use it while filing income tax returns. Following this, students of **B.Com Final Year** actively participated by giving Power Point Presentations on various aspects of **Direct Taxation**. The topics covered included:

- **Exempted Income:** Students explained various categories of income that are exempt under the Income Tax Act, such as income from charitable institutions, scholarships, and allowances under Section 10.
- **Agricultural Income:** The nature of agricultural income, its treatment under tax laws, and conditions under which it is exempt from tax were thoroughly discussed.
- **Income from House Property:** The students presented an analysis of how income earned from house property is calculated and taxed, including the concepts of Gross Annual Value, Net Annual Value, and permissible deductions.
- **Income from Salary:** A comprehensive presentation was given on how salary income is taxed, including allowances, perquisites, and deductions under Section 16.
- **Exemptions and Concessions:** The presentation highlighted various exemptions and rebates available under Sections like 80C, 80D, and 87A, which help reduce the tax burden of individuals.

The seminar was conducted under the academic supervision of Dr Anil Kumar and Professor **Praveen Prakash**, Head of the Department of Economics. Both of them guided the students throughout the preparation and presentation process. He emphasized the importance of such academic activities in bridging the gap between classroom learning and real-world application. Overall, the seminar and workshop proved to be an enriching experience for the students and faculty alike, enhancing their knowledge of tax laws and encouraging analytical thinking and public speaking skills.

3.) DEPARTMENT OF COMMERCE ACTIVITIES 2024-25

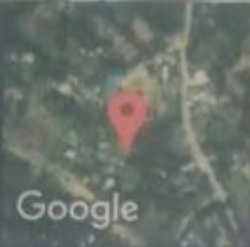

On 07 February 2025, the Department of Commerce, Freedom Fighter Pandit Sushil Rattan Government Degree College, Jawalamukhi, organized a lecture on the topic "Safe Online Shopping" in Commerce Smart Classroom for commerce stream students. The lecture was aimed at spreading awareness among students about the increasing risks associated with online transactions and educating them on how to shop safely in the digital environment. The lecture was given by Dr. Anupam Bahri and Dr. Anil Kumar, who provided valuable insights into the best practices for secure online shopping. They emphasized the importance of using reliable and verified websites for making purchases and avoiding the use of public or free Wi-Fi connections for financial transactions or net surfing, as these pose a serious risk to data security. The speakers also guided the students to create strong and unique passwords, regularly update them, and avoid sharing sensitive personal information online. Another important point stressed during the lecture was the use of credit cards over debit cards for online payments, as credit cards generally offer better fraud protection and limit direct access to one's bank account.

The lecture was highly interactive and informative, with real-life examples and practical tips that the students found relevant and easy to implement. 92 students from the Commerce Stream enthusiastically attended the session, demonstrating keen interest and active participation through questions and discussions. The entire event was organized under the able guidance of the college's respected Principal, Dr. Sushil Kumar Bassi, who continues to promote such educational initiatives aimed at enhancing the practical knowledge and digital literacy of students. Overall, the lecture served as a vital awareness drive for ensuring cyber safety and responsible online behaviour among students. It concluded with a vote of thanks to the speakers and the organizing committee.
